Öðruvísi Jóladagatal

-Sælla er að gefa en þiggja

To parents and guardians

We have decided to participate in the "Reversed Christmas Calendar" offered by SOS Children's Villages in December. Every weekday from the 1st to 18th of December we will open up a new window in the calendar and watch a short video of children from all over the world.

Instead of receiving a gift or a piece of chocolate in the calendar we will focus on giving back. The children can help at home with the household chores and earn a little money that goes to the SOS Children´s Villages. The parents and the kids can decide together what chores to do and when to do them. The family can then decide if they want to donate money to the SOS Children´s Villages and what amount. The students will receive an envelope to put the money in if they want to participate. It is also possible to transfer the money through the website of SOS Children´s Villages, sos.is.

SOS Children´s Villages provides a safe home for orphans and abandoned children all over the world. The organization operates in over 130 countries regardless of religion and politics. All contributions collected this year will be sent to our Family strengthening program in Ethiopia. The SOS Family strenghtening programs target disadvantaged families to prevent crisis that can in the worst case scenario lead to child abandonment. The program works directly with families and communities to help them to effectively protect and care for their children.
